Mr. H. J. Van Antwerpen
American Institute of Chemical Engineers
345 East 47 Street
New York, New York 10017

Dear Van:

The Computing and Systems Technology Division Formation Committee is prepared to make a formal petition to Council for official approval of division status. Would you please include us on the agenda for the June meeting of Council in New York City? I'd appreciate it if we were able to appear on the morning or early afternoon portion of the Sunday session since I have a business travel commitment for the late afternoon.

A proposal for division status which will include a report addressing itself to concerns reported to me by Al Caselli at the Houston meeting is being prepared. Thirty copies of the proposal will be sent to you on or before May 1st for distribution to Council members as part of your regular mailing. If this number of reports and mailing date are not adequate for your needs, please let me know.

Sincerely yours,

Robert L. Morris
Director of Research &
Process Development
